The **Arbeitskreis Pferdebetrieb** is a network for equestrian professionals: stable owners and managers, professional riders, riding school operators, veterinarians and many more.

The aim is to provide these actors with a platform to exchange information and to bundle competencies in order to make horse farms more professional and economical.

The special thing about the **Arbeitskreis Pferdebetrieb** are its members: it is not only aimed at stable managers, owners and leaseholders, but also at business consultants, professional riders, experts, manufacturers, service providers, lawyers, insurance brokers, tax consultants, veterinarians, universities and colleges.

The basis of membership is formed by the practice days that take place three times a year. Each of these events lasts for two days. AGB

Paragraph 1

Advertisement order under the following General Terms & Conditions of Business is the contract for the publication of one or more advertisements of an advertising party in a printed medium for the purpose of distribution.

Paragraph 2

Advertisements are deemed for publication within one year of entering into the agreement. If under the terms of the agreement the right to individually published advertisements has been granted, the order shall be carried out within one year of publication of the first advertisement, insofar as the first advertisement is called off and published within the period described in paragraph 1.

Paragraph 3

On conclusion of the transaction, the ordering party is entitled to recall further advertisements within the agreed period of time or as stated under Paragraph 2 on the quantity of advertisements named in the order.

Paragraph 4

In the event that an order is not carried out due to circumstances beyond the control of the Publishers, the Advertiser, without prejudice to any other legal obligations, shall grant to the Publisher the difference between the warranted allowance and the actual acceptance. Remuneration is void when the non-conformity is a result of force majeure in the risk area of the Publisher.

Paragraph 5

For the calculation of the ordered quantity, text millimetre lines are converted to advertisement millimetres in accordance with the price.

Paragraph 6

Advertisements and enclosures which are placed exclusively for publication in stipulated numbers, specific editions or which are to be situated in certain places in the journal shall be submitted to the Publishers with enough time for the latter to be able to inform the Advertiser before expiry of the advertising deadline in the event that the order cannot be performed in the stipulated way. Classified advertisements shall be printed under the appropriate heading, without requiring an express agreement to this effect.

Paragraph 7

Advertisements which by reason of their editorial-style design are not immediately recognizable as advertisements shall be clearly identified as such by the Publishers by insertion of the word „advertisement“.

Paragraph 8

The Publisher reserves the right to refuse advertisements – including individual call off within the framework of a transaction – and orders for enclosures for reason of the content, origin or technical form according to standard, justified principles of the Publisher if the content violates laws or official regulations or if publication of such is otherwise unacceptable to the Publisher. Orders for enclosures are then only binding for the Publisher when a sample has been submitted and approved. Enclosures are not accepted which because of their design and style give the reader the impression that they are a component of

the newspaper or journal, or which contain advertisements from other parties. The Advertiser shall be informed immediately in the event that his advertisement is refused.

Paragraph 9

The Advertiser is responsible for providing the text for the advertisement together with good print copy and for supplying the enclosures in good time. The Publisher shall demand substitutes immediately for any print copy which is obviously unsuitable or damaged. The Publisher guarantees the standard print quality for the titles with vouchers within the range of possibilities facilitated by the print copy and the paper quality used.

Paragraph 10

In the event of the advertisement appearing in full or in part illegible, incorrect or incomplete, the Advertiser is entitled to a reduction in payment or to a replacement advertisement in perfect condition, but only to the extent to which the purpose of the advertisement has been impaired. Claims for compensation on the basis of positive violation of claim, negligence on conclusion of the contract and acts of tort are – even in the case of orders placed by telephone – excluded. Claims for compensation on the basis of impossibility of performance and delay are restricted to indemnity for the foreseeable damage and to the payment for the advertisement or insert concerned. This does not apply to intent and gross negligence on the part of the Publisher, his authorized representative and employees assisting in the performance. Liability of the Publisher for damages on account of the absence of warranted characteristics remains unaffected. In the course of commercial business transactions, the Publisher is also not liable for gross negligence on the part of employees assisting in the performance; in other cases the liability for gross negligence is restricted in extent to the foreseeable damage to the amount of the payment for the advertisement concerned. Complaints - except in the case of defects which are not immediately obvious – must be enforced within four weeks after receipt of invoice and receipt.

Paragraph 11

Specimen proofs shall only be supplied if these are expressly requested. The Advertiser has responsibility for the correctness of the returned specimen proofs. The Publisher shall take account of all corrections of errors of which he is notified within the period of time set when sending out the specimen proof.

Paragraph 12

When no specific sizes are prescribed, the basis of the calculation shall be the actual copy size usual for the type of advertisement.

Paragraph 13

If the Advertiser does not pay in advance, the invoice shall be sent out immediately, in any case however, 14 days from publication of the advertisement. The invoice is to be paid within the times given in the price list and which begin on receipt of the invoice, insofar as in individual cases no other terms of payment have been agreed or payment made in advance. Discounts are granted for payments before the deadline, and as described in the price list.

Paragraph 14

In the event of default or deferment of payment, interest and collection costs will be charged. In the case of default of payment the Publisher can delay the further execution of the current order until payment has been received and can demand payment in advance for the subsequent advertisements. In the case of justifiable doubt as to the ability of the ordering party to pay at any time during the contractual period for the advertising, the Publisher is entitled to make the publication of further advertisements, without consideration of any originally agreed date for payment, dependent on the advance payment of the amount and on the settlement of outstanding invoices.

Paragraph 15

The Publisher shall supply on request with the invoice documentary evidence of the advertisement. Depending on the type and scope of an advertisement order, advertisement excerpts, proof pages or complete proof numbers shall be supplied. If this cannot be provided, in its place there will be a legally binding voucher from the Publisher confirming the publication and distribution of the advertisement.

Paragraph 16

The Advertiser is responsible for the costs of preparation of lithographs, printing copy, matrices and drawings which he orders and for any substantial amendments which he request or which are required to the originally agreed copy.

Paragraph 17

In the event of a reduction in circulation, there can be an entitlement to a reduction in price where a contract has been entered into for several advertisements, if the total average is less than the average circulation stated in the price list or in another way for the year of insertion beginning with the first advertisement or if the circulation is not stated, the average circulation sold for the previous calendar year. A reduction in circulation is then only a fault which justifies a price reduction if this is to the following amount.
 for circulation of up to 50,000 issues 20%
 for circulation of up to 100,000 issues 15%
 for circulation of up to 500,000 issues 10%
 for circulation of over 500,000 issues 5%
 In addition, claims to price reduction are excluded if the Publisher informs the ordering party in good time from the reduction in circulation figures, so that the latter can withdraw in good time from the contractual agreement before publication of the advertisement.

Paragraph 18

For advertisements with box numbers, the handling and forwarding of the offers in good time will be dealt with by the Publisher with the due care of normal business practice. Registered letters and express letters to box number advertisements shall be forwarded by normal post. Mail received in reply to advertisements with box numbers will be kept for four weeks. Letters which are not collected within this period will be destroyed. Valuable documents will be returned by the Publisher, without obligation to do so. The Publisher reserves the right in the interest of and for the protection of the ordering party, to open the offers received by way of inspection, in order to eliminate the possibility of misuse of the box number service. The Publisher is not obliged to forward business promotional mail and agency offers.

Paragraph 19

Print copy shall only be returned to the Advertiser when this is specifically requested. The obligation to hold these documents expires after three months following the end of the contractual period.

Paragraph 20

Place of performance is the head office of the Publisher. In business dealings with commercial business people, with legal officials of public law or in the case of separate funds under public law, the place of jurisdiction in the case of legal action is the head office of the Publisher. Insofar as claims of the Publisher are not enforced in default proceedings, the place of jurisdiction for non-business people is deemed to be their residence. If the address or the normal place of residence of the ordering party, including in the case of non-business people, is not known at the time of the legal action being taken or if after the contract has been concluded, the ordering party has relocated to a new address or to a different normal place of residence which is outside the area of validity of the law, then the place of jurisdiction is agreed to be the head office of the Publisher.

Paragraph 21

All present and future claims of the agency against its ordering party in respect of the insertion and possible additional costs are assigned to the Publisher. The agency has the authority to recover the assigned debts for so long until it has met the contractual obligation of payment towards the Publisher. The Publisher is in principle entitled to disclose and recover the debt on his own behalf.

Paragraph 22

The Advertiser has sole responsibility for the content and legal admissibility of the texts and pictures made available for the insertion. The advertiser is under obligation to release the Publisher from any third party claims which arise against the former from the performance of the order, even if this should be cancelled. The Publisher is not obliged to examine orders and advertisements to check whether these infringe on rights of third parties. In the event that cancelled advertisements are still published, the Advertiser does not have any right to claim against the Publisher.

Paragraph 23

In the event of payment delay or prolongation, interest and costs of collection will be charged. In the case of delayed payment, the Publisher can withhold performance of the remaining order until payment has been made or demand payment in advance for the remaining advertisements. Where reasonable doubt exists in the ability of the Advertiser to make payment, the Publisher is entitled, also during the period of running the advertisement which was contractually agreed, to make the publication of additional advertisements dependent on advance payment of the due amount and on the settlement of outstanding invoice amounts, without taking account of the originally agreed terms of payment. General Terms and Conditions of Business for Advertisements and Enclosures in Newspapers and Journals.
